## Summary

---

Detail-oriented and methodical junior QA specialist with a strong background in software development and testing fundamentals. Experienced in frontend development, manual testing, and debugging, with a growing interest in automation and test-driven development. Committed to quality, collaboration, and continuous improvement.

## Experience

---

### Frontend Developer – EzWeb

*Nov 2023 – Nov 2024 — Tehran, Iran*

- Supported testing and debugging of live websites for enterprise clients; logged issues and contributed to fixes in collaboration with QA team.
- Validated UI behavior against mockups and ensured functionality across browsers and devices.

### Frontend Developer – Beman Branding Agency

*Nov 2022 – Nov 2023 — Tehran, Iran*

- Participated in QA sessions for custom CMS and e-commerce sites; identified usability bugs and communicated resolutions with developers.
- Practiced structured testing workflows and collaborated with junior devs to ensure code quality.

## Projects

---

### Portfolio Website – [arashkh.com](https://arashkh.com)

*Next.js, Tailwind, GitHub Actions, Vercel*

Designed and deployed a personal portfolio, testing features in multiple environments and integrating CI tools to ensure reliable updates.
