Summary

Frontend developer with 2+ years of experience delivering scalable, modern interfaces using JavaScript, React, and Angular. Known for writing clean, maintainable code and collaborating cross-functionally to ensure accessible, performant web applications. Currently pursuing advanced software development studies at Seneca Polytechnic.

Experience

Frontend Developer – EzWeb

Nov 2023 – Nov 2024

- Led development of modular UI components using HTML5, SCSS, and JavaScript for enterprise-grade CMS systems.
- Worked closely with QA and backend developers to ensure feature integration and bug resolution.
- Introduced best practices for accessibility and code documentation across projects.

Junior Web Developer – Beman Branding Agency

Nov 2022 – Nov 2023

- Implemented responsive web pages using jQuery, Bootstrap, and semantic HTML/CSS.
- Supported client delivery teams with live debugging and usability enhancements.
- Conducted content and design updates based on client feedback in agile cycles.
