Summary

Web developer with 2+ years of experience designing and maintaining responsive, accessible, and performance-driven websites. Skilled in CMS platforms, UX design audits, content optimization, and frontend technologies. Currently pursuing a diploma in Computer Programming at Seneca Polytechnic with a growing interest in full-stack development and digital communications.

Technical Skills

- **Web Tools:** HTML, CSS, JavaScript, React, Tailwind, jQuery, CMS (DNN, Wix)
- **Design:** Figma, Canva, Adobe XD (basic)
- **SEO & Analytics:** Google Analytics, search optimization strategies
- **Dev & Support:** Git, GitHub, Slack, Zoom, Microsoft Office, cross-team collaboration
- **Languages:** Python, C++, SQL, Bash scripting (basic)

Experience

Website & Frontend Developer – EzWeb

Tehran, Iran   Nov 2023 – Nov 2024

- Maintained and updated client websites using DNN CMS, ensuring usability and SEO alignment.
- Coordinated with designers and stakeholders to implement frontend features across multiple websites.
- Conducted quality control and troubleshooting to deliver bug-free, accessible user experiences.

Junior Developer – Beman Branding Agency

Tehran, Iran   Nov 2022 – Nov 2023

- Built mobile-responsive websites for clients using CMS and Bootstrap-based frameworks.
- Collaborated on homepage layout redesigns, content optimization, and support documentation.
- Regularly engaged in code reviews and supported junior devs.

Projects

UN-style Site Redesign Simulation *(Personal Project)*
Tech: HTML, CSS, Tailwind, Figma, CMS setup
Initiated a redesign plan for a non-profit-style website to simulate real-world volunteer challenges: simplified navigation, improved accessibility, and structured content hierarchy.

Portfolio Website – arashkh.com
Tech: Next.js, Tailwind CSS
Designed, built, and deployed personal portfolio site showcasing past work, with custom theme support and CMS blog integration.
